@ACQUIRED.STYLE

Casual is in this season. The cold weather is coming and that means time to bundle up with your favorite sherpa sweater and chunky scarf. Who could've guessed the new trendy shareware would be slippers. Casual dress has crept into the fashion world with many people wanting to wear their usual house shoes inside and as an outfit statement. It's all about how you style these chunky things but looks like high heels are out and high slippers are in. Being stylish, trendy, and comfortable is the key here. Depending on the cut of the shoe these can often be waterproof and well insulated to be worn in many different weather conditions.

We've looked at all different types of platform slippers ranging from style, size, price, and durability. Here is a look at our five favorites.

Our top picks for the best platform slippers:

1 BEST OVERALL

UGG Tazz

\$120.00 at UGG

PROS

Warm and comfortable
Waterproof

CONS

Run small
Offered in two colors
(chestnut and black)

These are embroidered slip-on shoes that went viral on TikTok and are worth all the hype. You can find the Tazz on Amazon, Ugg, and Foot Locker. With over 160 reviews on UGG.com, these shoes get viewed on their website by

about 20,000 a day. The platform does take some getting used to but when you master the walk, you're ready to rock. Ranging from size 5-12 women.

THE REVIEW: *"This shoe is absolutely beautiful. The platform adds height which I need at only 5'1. The color with the red accent is gorgeous. Comfort is wonderful. It is a tad tight but I do not recommend sizing up because the back will slip off. All in all, a wonderful and trendy shoe that can be styled up or when you want to lounge but make it cute."*

2 AFFORDABLE RECCOMENDATION

Amazon memory foam thick-sole slipper

\$ 19.98 on Amazon

PROS

Affordable
Comfortable
Waterproof

CONS

Run small

If you're on a budget or just don't want to commit to a \$100 slipper, then these are for you. To combine fashion and function, these slippers have a thick bottom and insulated inside that allow for you to wear them both inside and out! They come in four colors ranging from size 4-11 women. They're both affordable, trendy, and warm.

THE REVIEW: *"Feels like walking on clouds. I wear them all day at home. Easy to toss in the washer and then fan dry if they get dirty. I love these slippers!"*

3 STYLIST RECCOMENDATION

Steve Madden platform slipper

\$ 69.99 at Urban Outfitters

PROS

Soft bottom
Made from recycled
materials

CONS

Run small
Not waterproof

Steve Madden platform slippers are made from recycled materials and or/ environmentally conscious materials. It has a speckled bottom which adds a unique flare and a sherpa outer wear which adds texture to the shoe. Due to the thick bottom these can be worn outside but would be best in dryer climates due to the sherpa exterior. These are a great unique option that are a little more affordable in comparison to the Ugg Tazz shoe.

THE REVIEW: *“So so so comfortable and cute, I like to wear these out to casual places because they are so cute but also good walking around the house.”*

4 BEST COLOR RANGE

UGG Disquette slide-on slipper

\$ 99.95 on Amazon

PROS

Wide color range
Wide size range
Warm

CONS

Run small

Offered in eight colors with sizes ranging from 5-12 women these will add some height and style to your next winter look. With over 1,900 reviews on amazon and rated a 5/5 stars, these have sparked major popularity. These shoes stem from the classic Ugg slip on but add a little more flare with the height. These shoes are offered in a wide range of different colors that will spice up any basic outfit

THE REVIEW: " I love these cozy slippers! They were a little snug and felt like my foot was hanging off edge. However, they stretched out after wearing a few times. They hug my feet just right!

5 OUTDOOR RECCOMENDATION

Steady Faux Shearling platform

\$ 119.99 at Nordstrom

PROS

True to size
Keeps you grounded
Comfortable wooden wedge platform

CONS

One color option

A cross between a slipper and a mule these faux fur slip-on shoes are available at Nordstroms these are the best slippers for outdoor use. Due to their wood bottom, they are more supportive and will last longer when used outdoors. They fit true to size and are available in sizes 6.5-11 women. They have a 2" heel with a leather and faux-fur lining. They have a treaded sole that will help keep you steady.

THE REVIEW: *"I live in these. Perfect for lounging about the house or running errands. So comfy."*
